February 20, 1952.

Mr. Colin Carpi
Station WPRU
Holder Hall
Princeton, N.J.

Dear Colin:

Below is the procedure which isusually followed at WYBC for remote broadcasts. I hope this will be convenient for you for Friday's Yale-Princeton Hockey game at 4:00 P.M.

1. Commence feeding WYBC from WPRU at 3:45-00 for levels and line checking. If possible would appreciate time checks between 3:45-00 and 3:54-00.

2. Play by play to commence at 3:55-00, 30 seconds after network cue at 3:54-30. Our usual network cue is: "This is the Ivy Network".

3. Breaks for station identification will be ten seconds in duration and occur approximately every half hour.

4. Commercials for Philip Morris (et's) will be fed by originating station (WPRU) if possible.

If there are difficulties arising, please call either Karl Honeystein or myself tomorrow or Friday afternoon.

Thanks for everything. Hope to see you soon.

Sincerely,

EJT

E. Joseph Tartaglino
Operations Director
